| WARSAW PACT FORCE: |
| WINNER: |
| WINNER'S VP: |
| LOSER'S VP: |

A view of the Kirchheim autobahn intersections under construction in December, 2017. This view is approximately east, towards Bad Hersfeld, along the A-4. The A-7 runs left-to-right in this photo, with north to the left edge. There would have been more vegetation here in the mid-1980's. The autobahn would not have been as wide as is seen here.
